re application of:

JUN 2 5 2003 お

RICHARD C. ADAMS et al

Serial No.: 09/295,958 Filed: 21 April 1999

For: DEVICE FOR SIMULTANEOUS TRANSMISSION OF TWO SIGNALS WITH

IDENTICAL FREQUENCIES

## **DECLARATION OF PETITIONER**

Honorable Commissioner of Patent and Trademarks Washington, D.C. 20231

I Peter A. Lipovsky declare:

- 1) Corresponding to the above-referenced U.S. Patent Application Serial Number 09/295,958, no "Notice to File Missing Parts" (hereafter "Notice") was received by Petitioners or their legal representatives.
- 2) I have personally conducted a search of the docket records and the file jacket pertaining to the above-referenced case and this search indicates that the Notice was not received. This search consisted of examining the "case card" (exhibit A) as we call it for the above referenced case; the file jacket for the case (Exhibit B) and the attorney docket sheets for the time in question (Exhibits C and D). As can be seen from these exhibits, none of these disclose or otherwise reference the receipt of the Notice at issue.

Exhibit A, the "case card" for the above referenced case, indicates preliminary actions taken on the case, indicates filing of the case, and also serves to indicate all written communications received and returned to the Patent Office. Exhibit A has no indication that a Notice to File Missing Parts of Application was received from the Patent Office.

Exhibit B is a copy of the exterior of the file jacket pertaining to the above-referenced FILE\NC79628.DEC\A.7

Serial No. 09/295,958; Navy Case No. 79628

case upon which important identification information is inserted as well as a record of all documents received by the Patent and Trademark Office as well as those documents sent to the Patent Office for this patent application. As can be seen from this copy of the file jacket, no record exists showing the Notice was received for this case.

Further included to substantiate the records are Exhibits C, D and E which are edited copies of the docket of the attorney handling the case in issue for the time in question. As the above-referenced case was filed at the end of April 1999, Exhibit C is a copy of the attorney's docket for the month of April, 1999, Exhibit D is a copy of the attorney's docket for the month of May, 1999 and finally Exhibit E is a copy of the attorney's docket for the month of June, 1999. None of these docket reports shows any indication that a response was due under a Notice to File Missing Parts for Navy Case Number 79628, the case in issue. Please note that the editing was done to protect dates corresponding to receipt of invention disclosures. No such editing was done in the "Response Due Cases" category. Exhibits A and B were similarly edited to protect crucial dates prior to filing, such as date of disclosure. These dates are not considered relevant here. No editing was done however to any of the records pertaining to correspondence received from the Patent Office.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
